Chevrolet Suburban LTZ 2008 Emergency Service Unit

Remodeled by RSocialClubTV

The featured used for the Emergency Service Unit are New York Police Department, Fire Department of New York, S.W.A.T (rarely can found this vehicle) and New Jersey State Police. They made the parameters handling.dat and vehicles.ide and the replacement of polpatriot.wft & wtd. They carcols.dat don't work in ELS Version. They have the Unmarked version which is you can change the carcols of every each of the emergency vehicles. They are complete componets before and ready to travel. The plate numbers each of four are differents and can easily mark as an emergency. They can very easily to respond. 2008 Chevrolet Suburban LTZ ESU is the full size emergency service and the difference between the Chevy Suburban GMT900 is slightly smaller. The following installation of 2008 Chevrolet Suburban LTZ ESU are as follows.
